PROFILE SUMMARY

Computer Engineering student with a strong foundation in programming, data structures, operating systems, and software development. Passionate about developing efficient, real-world solutions and exploring emerging technologies such as Artificial Intelligence and intelligent systems. Known for strong analytical thinking, problem-solving ability, and a continuous learning mindset.

EDUCATION

2024-2028

VIDYALANKAR INSTITUTE OF TECHNOLOGY

- BE in Computer Engineering
- CGPI: 9.8

2022-2024

K.J SOMAIYA COLLEGE OF SCIENCE AND COMMERCE

- HSC: 90.17%
- MHT-CET: 96.03%

PROJECTS

Museum Management System

- Developed a database-driven application using Python and SQL to manage museum records such as exhibits, artifacts, and visitor information.
- Implemented CRUD operations for efficient data storage, retrieval, and updating.
- Designed structured database tables to ensure organized and reliable record management.

Simple Banking System

- Built a console-based banking application using C and Linked Lists to manage customer accounts and transactions.
- Implemented operations such as account creation, deposit, withdrawal, and balance inquiry.
- Demonstrated practical application of dynamic memory allocation and data structure concepts.

Advanced Polling System

- Developed a voting/polling application using Java and Object-Oriented Programming (OOP) principles.
- Designed modular classes for user authentication, vote management, and result generation.
- Ensured secure and structured handling of polling data with proper encapsulation and logic validation.

SKILLS

Technical Skills

- Programming Languages: C, Python
- Data Structures and Algorithms
- Database Management Systems (SQL)

Soft Skills

- Communication Skills
- Professional Work Ethic

LANGUAGES

- English: Fluent
- Hindi: Fluent
- Marathi: Basics
- French: Basics

CERTIFICATIONS

- NPTEL: Programming In Java - 75%
- NPTEL: Design and Analysis of Algorithms - 50%
- Subject Topper For Course: Data Structures
- TCS ION: Introduction To Soft Skills
